PROJECT NAME

Engineering Services for Sight Lighting Upgrade at Kean University

PROJECT OWNER/CLIENT

Kean University, Union, New Jersey

SERVICES PROVIDED

- Electrical Engineering
- Site Lighting Design

PROJECT DESCRIPTION

As a prime consultant, KS Engineers, P.C. (**KSE**) is responsible for providing the site civil engineering services that are required to upgrade the site lighting of parking lots at Kean University. Project includes replacement of existing tapered aluminum light poles, installation of additional lighting standards where required to achieve optimum site lighting conditions, and the installation of new underground conduits and cables.
