PROJECT DESCRIPTION

KS Engineers, P.C. (**KSE**) was responsible for complete survey & mapping, site / civil and traffic engineering services for the design of a new multi-level, 45,000 sf, 700 car parking garage at Kean University.

The project includes a detailed assessment of the existing site including environmental conditions, relationships to adjacent structures and underground infrastructure. Design options and alternatives and cost-benefit analyses will be determined. Final design and construction documents were prepared. All necessary regulatory approvals and permits were secured.
